

TOP TWO

THE VISION

Our desire is to see God use our groups and our people to reach unbelievers. This is a strategy to help our groups be intentional in growing God's Kingdom both as individuals and as a group. We will do this by intentionally praying for and sharing our faith with those God has placed in our lives. We are called to not only share our faith but to make disciples (Matthew 28:18-20).

THE HEART

Our heart is to see God use our groups to change the eternities of those He has placed in our lives. Therefore our Community Groups become not just a place to come and be known, but a voice of hope and a place where God is shown to the world!

TOP TWO STRATEGY

Have all members of your group identify two people in their lives (a neighbor, co-worker, family member, friend, Starbucks server, etc.) they would like to see become fully-devoted followers of Christ. As a group, commit to regularly praying for one another and for our TOP TWO. Doing this keeps our groups engaged in God's eternal work around us, and, hopefully, changes the eternities of thousands of people in OKC!

- STEP 1: Explain the heart and vision behind our TOP TWO strategy.
- STEP 2: Ask your group to prayerfully bring two names to your next group time
- STEP 3: At the next group time, have each person share the names of those they feel God has laid on his/her heart. If possible have each person share how he/she knows that person and why they were chosen.
- STEP 4: After each person shares, take a moment to pray for the two people by name—for the Holy Spirit would do a work in their lives and for the group member to be bold and courageous in loving them and sharing his/her faith in Christ with them.
- STEP 5: Revisit this conversation once a month, praying for each person by name. Some months, there may not be many updates and some months it may take over your group time. Celebrate what God is doing through your group to change the eternities of those He has placed around you.
